

Eunice Economic Development Board

The Eunice Economic Development Board was created in November 2007 by city appointment. The original board consisted of 12 members. The original members included: Anthony Baltakis, Clifton Clause, Andre Soileau, David Lance Pitre, Margaretta Frey, Lee Edwards, Johnny Reed, David Papillion, Fred Landry, John Guillory, James Bergeron, Jr., and Tom Dischler.

Created and presented an economic development plan before the mayor and city council seeking the city's directive as to which aspects of the plan needed attention.

Since inception, it has been the goal of the board, with the assistance of the City and the Chamber of Commerce, to promote our City for economic growth and to retain the wonderful businesses that have made Eunice home. This goal is to be achieved while keeping in mind our desire to maintain our unique identity as a superb small town in Acadiana.
